

Wet Rooms - Overview

Worried about getting water everywhere when you take a shower? Well, with a wet room you can wash your worries down the drain. Click 'Read More' to see a sample of wet rooms that we offer...

-

When you take a shower in a wet room you can be as vigorous and as energetic as you like - and when you've finished, just walk away and let it dry in its own time. Because life's too short for worrying about drying the floor!

-

Wet rooms are becoming an increasingly popular choice not only for young people who want to make a design statement but for busy families whose bathroom is in frequent use.

-

We're one of the very few experienced designers and installers of wet rooms in the region. So, if you want a professionally installed wet room, pop in and see us.
