

## Elderly and Mobility Bathroom Solutions

At Willenhall Bathrooms and Interiors we understand just how important safety and comfort is in your bathroom &ndash; in particular if you're elderly, infirm or disabled. People with different physical abilities need a bathroom that is safe, easy to maintain and one that provides similar comfort to a standard bathroom....

-

We work with a range of suppliers so that we can provide you with walk in baths, safety accessories and moderated layouts for the elderly and people with mobility issues.

-

If you are elderly or have mobility problems we understand that budget and trust is a key issue for you. So before you agree to a quote please ensure you get at least three quotes, ask friends and family for their opinions and please do not be pressured into a sale by anyone you invite into your home to provide you with a quote &ndash; we will never pressure you for a sale &ndash; our service, price and reputation speak for themselves. In fact, our mobility bathroom solutions can often work out to be more than 50% cheaper than some of the national well known names in this field.

-

If you invite us into your home to discuss your requirements and provide you with a quote, we guarantee that:

-

&bull; We won't take up hours of your time and will only spend a short amount of time with you discussing your requirements (usually around 45 minutes)

&bull; We will never pressure you for a sale

&bull; We will try our hardest to beat any other like-for-like quote

-
